Re: City Council Translation Services

1. In accordance with the Open Government Commission's (the OGC) 2026-2027 workplan, translation services at City Council meetings became a focus area for study, analysis, and recommended improvement. After observing City Council meetings, members of the OGC embarked on a study to determine the adequacy of the current offerings: Spanish translation services at City Council meetings.

2. In conjunction with Council's Legislative Agenda, (Item One: Communication and Support for District Based Elections) outlined in fiscal years 2026 and 2027, the OGC would like Council to consider revising how translation services are delivered during City Council meetings. The presentation will detail how it aligns with the Council's legislative goals. It should be noted that the decision to use the current translation system seems to be an administrative decision void of public input or Council consideration or direction. Council should decide how to deliver translation services to foster transparency, community engagement, and cultural competency.

3.. The OGC respectfully requests a presentation to City Council at the November 17, 2025, City Council meeting to coincide with the 17th anniversary of the Open Government Ordinance's passage and the OGC's annual report to Council. The presentation to Council should take twenty minutes.

RECOMMENDATION: The City Council approve agendizing the OGC's presentation: "City Council Translation Services" for the November 17, 2025, City Council meeting.

Council correspondence was approved by the OGC with the following vote tally:

Ayes: #
Noes: #
Absent: #
